5

Assam is our motherland.

(4)

P.T.O.

25. Read the following passage carefully and answer the following questions :

Honeybees are important insects. They live in hives and work together. Each hive has a queen bee, worker bees, and drones. The worker bees collect nectar from flowers and turn it into honey. Bees also help plants grow by spreading pollen. Without bees, we would have fewer fruits and vegetables. So, it's important to protect them.

Questions :

- i) Where do honeybees live ? 1
- ii) Name the three types of bees in a hive. 1
- iii) What do worker bees do ? 1
- iv) Why are bees important for plant ? 1
- v) What should we do to help bees ? 2
